Sergio Berti
- 18:07** Rapid learning curve: A single-site experience
Rodrigo Estévez-Loureiro
- 18:18** Session evaluation and key learning
Georg Nickenig

A close-up, low-angle shot of a metal surgical instrument, possibly a grasper or forceps, against a solid blue background. The instrument's metallic surface is highly reflective, showing bright highlights and deep shadows that emphasize its complex, curved structure. The focus is sharp on the central part of the instrument, while the background is a uniform, vibrant blue.
